RAEF EVENT

Provincie Zuid-Holland

RAEF EVENT: SUMMARY

Organizer: Provincie Zuid-Holland

Date: September 19, 2024

Event: RAEF (Regionaal Afstemmingskader Europese Financiering)

Objectives:

- Bring together the broad South Holland network of municipalities, knowledge institutions and other regional partners who would like to work on EU-funded projects. The design for this event is an information market where around 8-10 projects have a stand and with moments for program/theme specific questions.
- Inform and inspire participants again this year about what is possible with European financing.
- Showcase DIOL by AquaSmartXL and participate on the panel discussion (Marlon Drinkwaard, Gyöngyi Czettel), on invitation by Provincie Zuid-Holland.
