1. Facts about Norwegian call (What? Who? When?)
2. Questions and answers (part 1 and part 2)

What?

Adding new Norwegian partners or sub-partners

Requesting additional funding to a Norwegian partner already in a project

...and the addition of activities and/ or outputs and results that accompany these additions

Who?

Projects have been divided into different groups – depending on their end date.

Group 1 - end dates before 01. July 2026 = not eligible

Group 2 - end dates between 01 July 2026 and 31 December 2026 = "soft" activities (with a benefit to the whole partnership)

Group 3 - end dates from 01 January 2027 = any types of activities

When?

Call open from
01.05.2025
until noon 11.07.2025

Decisions by the
Monitoring Committee
= September/ October

Guidance note

Interreg North Sea
2021-2027

GUIDANCE NOTE

*Extension call for new
Norwegian partners and
additional funding for
existing Norwegian partners*

Question

Can we request a project timeline extension alongside the inclusion of a Norwegian partner, adapting the current work plan—while preserving the option of a 6-month extension for later?

Question

Is it permissible to revise or increase the budgets of other project partners under the current funding framework?

Question

We work quite a lot in-person with our pilot projects. Including a Norwegian partner would mean more travel costs for some of our partners. How do we arrange this if we don't receive extra budget?

Question

Can a Norwegian partner be included in the project with a zero budget allocation?

Question

Do Tromsø (NO072) and Kjeller (NO012) fall within the Interreg NSR 2021–2027 eligible area? If not, would partners from these regions still be eligible under the conditions of Factsheet 17?

Question

What are the prerequisites for new project partners?

Question

We plan a regional engagement activity (e.g. workshop) with partners and relevant case studies. Can funding be granted for this type of activity?

Question

For our project (group 3 of this call) we are currently reporting (deadline 31st of July), are we still eligible for this extension?

Question

What does the application process look like?

Question

How do you ensure that the new partner adds sufficient impact to our existing project?

Questions and answers (part 2)
