

LIHYP Networking Platform

Interreg
North Sea

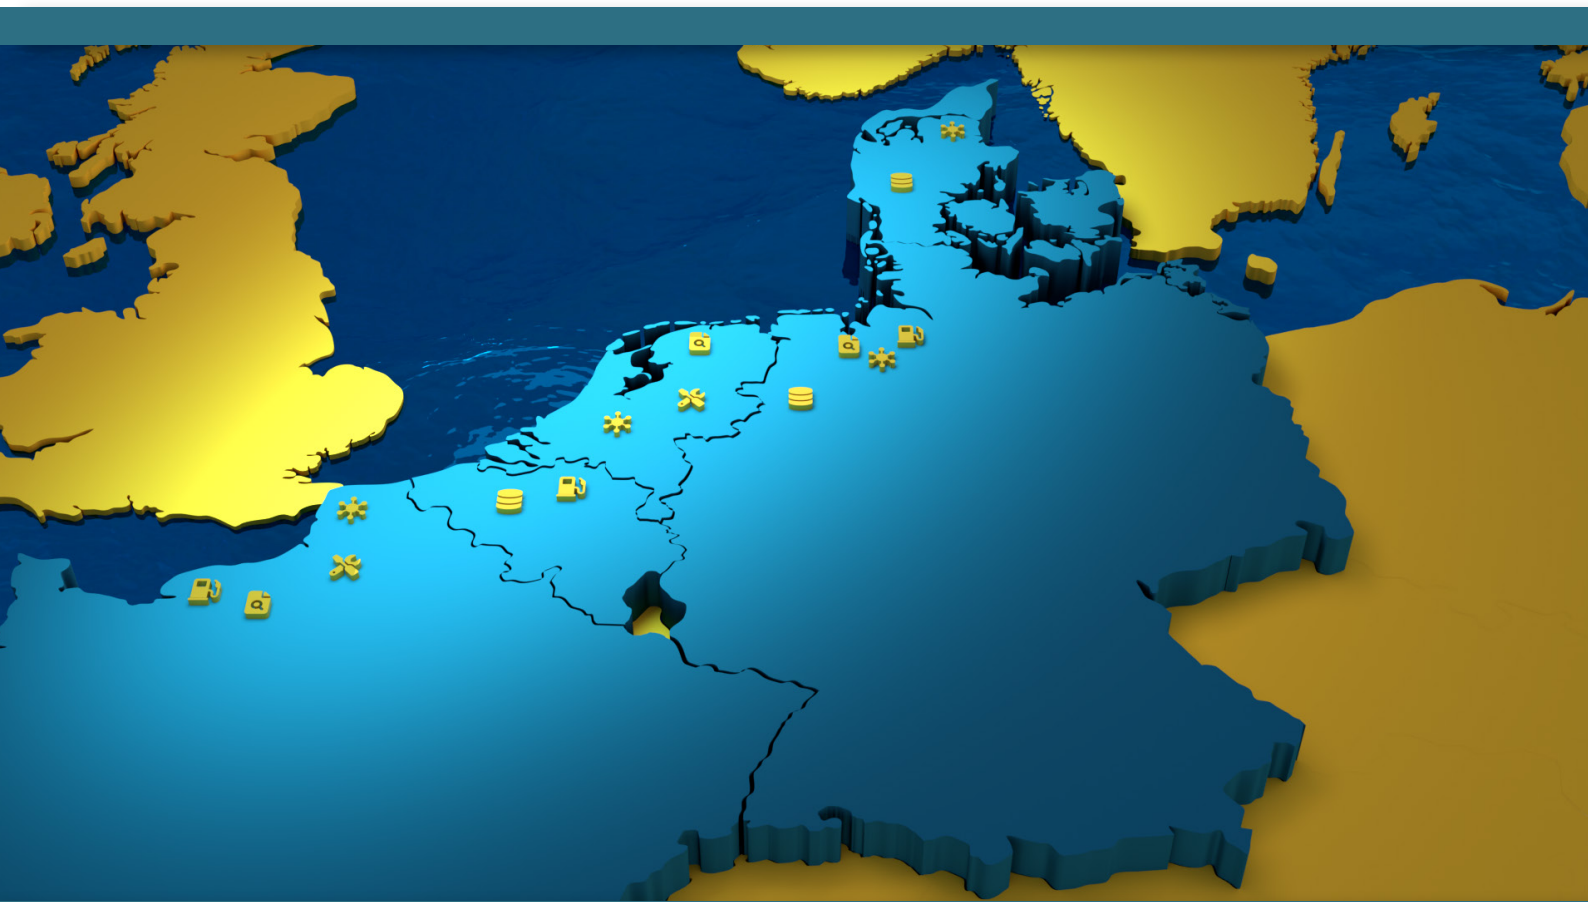

Co-funded by
the European Union

LIHYP

The LIHYP platform offers companies, research institutions, and investors a central point of contact for **hydrogen projects**, **infrastructure**, and **hydrogen suppliers** in the **North Sea Region**. It enables:

-  **Networking:** Find suitable partners, suppliers, and customers along the entire hydrogen value chain.
-  **Knowledge transfer:** Get access to the latest information, projects, and best practices from the industry.
-  **Visibility:** Present your company, products, projects, or services to other relevant players.

Why join the Platform?

- » **Stay informed** about what is happening in your region and beyond
- » **Get in touch** with actors along the whole Hydrogen value chain
- » **Find** the right **partners** for your own ideas & projects
- » Make your own **Initiatives** visible
- » **Easy to use** – No complex registration, no fees!
