

Take it up!

The TakeUP! call (Call 6) encourages scaling and uptake of achieved Interreg North Sea project outputs to address a challenge in the region. The call offers new partnerships the chance to implement a small-scale project.

Call 6 projects must encourage the transfer of outputs to a new target group or field/domain in the Interreg North Sea programme area.

The projects must also contribute to one or more of the following themes: Increasing competitiveness, stronger rural areas, and building resilience.

This is the plan

May

Guidance note for call available

June

Get Ready! event on June 24

Q3 2026

July

OMS opens for drafting of applications

July - Sept

Consultations with project advisors and National Contact Points

Q4 2026

Oct - Dec

Consultations continue

December

Call 6 opens

Q1 2027

March

Deadline for applications

The technicalities

For this call, only outputs achieved by a VIB Interreg North Sea project can be selected for scaling and uptake. The outputs must have been reported and approved in the indicator module.

- Maximum budget: €1 million per project
- Duration: 18 to 24 months
- 3 - 9 partners from at least 3 programme countries
- Minimum 2 partners from closed or ongoing Interreg North Sea VIB projects
- North Sea Programme newcomers are welcome!
- The lead partner must be based in the programme area and be part of a closed or ongoing Interreg North Sea VIB project

Call 6 is under development.
